Dear Families,

Our school provides access to Department of Education online services. These enhance the contemporary learning opportunities available to students and the range of teaching tools available to staff to deliver the Western Australian Curriculum. The Department of Education's policy regarding the way information about students is collected and their access to online resources is monitored. Schools are required to notify parents of any services that collect information about students. Our school and teachers make decisions about the best technology to meet the needs of our students. Sometimes it is beneficial for students to utilise services provided by third party web based providers. A third party website is any website, which is managed or owned by a private company or organisation outside of The Department of Education.

Please note, your child will only be able to access services for which consent is given. Classroom teachers often use these services for face to face and online learning. Whilst there are a number of services listed in the consent form, your child may not use all of them within their current year. **If you opt not to give consent, your child will not be created an account for the given service.**

Please go to the school's website to see the list of all the applications and websites used at the school, under the enrolment tab, [Third Party Applications and Sites used by Heathridge Primary School](#)

Kind regards  
Administration Team
